

**All Nations Louis Stokes  
Alliance for Minority Participation**  
Salish Kootenai College

July 28, 2011

Dear All Nations LSAMP participant,

Please distribute the attached PDF to any student funded by the All Nations Louis Stokes Alliance for Minority Participation (ANLSAMP) Program. We are seeking students that have participated at any level in the ANLSAMP Program from the time period of 1994 - 2011 to submit the information by August 19, 2011.

The National Science Foundation is preparing a high quality publication for national distribution focusing on AMP Student achievements titled: “20<sup>th</sup> Year Impact Report”. Our Goal is to highlight student achievement and its impact within the Native American community. It's important to bring awareness to ANLSAMP Student accomplishments. AMP Students are asked to briefly list (in one paragraph or less) information from the required fields. Students are also asked to attach an electronic “action” photograph from either the classroom, field, or laboratory (JPEG format). **Students submitting a complete profile and required picture (JPEG) will be entered in a drawing to receive an iPod Touch. Drawing will be held September 6, 2011.**

If you have any questions about the student profiles please contact Misty Hirsch by phone, (406) 275-4712 or email [Misty.Hirsch@skc.edu](mailto:Misty.Hirsch@skc.edu).

Sincerely,

Dr. Luana Ross	Steve Dupuis	Zetra Wheeler	Lee Padilla	Chuck Harris	Misty Hirsch
